

AK Clean Card

(ALASKA CONSTRUCTION INDUSTRY
SUBSTANCE ABUSE PROGRAM)

RATES

(revision August 1, 2010)

I. Pre-Program Tests:

\$ 44.00 Non-DOT employees

\$ 69.00 DOT-regulated employees

II. Ongoing Funding:

Craft Personnel: **\$ 0.08 per work hour**

Managerial/Administrative: **\$ 6.00 per person per month**

III. Employer Required Tests:

\$ 44.00 Non-DOT employees

\$ 69.00 DOT-regulated employees

Note regarding Specimen Collection Fees:

Drug and alcohol collection services outside of Anchorage, Fairbanks, Juneau and Kenai are usually subject to higher rates than those charged at the main collection centers in those four locations. Because these fees vary considerably in locations throughout the state, you can contact WorkSafe, the program's third party administrator, directly at **907-563-8378** (or toll-free at **888-274-6662**) to get the current fee for any location where you need collection services. The Clean Card program will pay the first \$25 of collection fees, but participating contractors using the services costing higher rates will be billed for the overage by WorkSafe.

This fee structure and billing process is necessary to help the AK Clean Card Program to operate economically and efficiently, without absorbing extra costs that are specific to only certain contractors working in more remote locations where collection fees are higher.
